OUTREACH PROGRAM TO MAREDUBAKA VILLAGE

Title	Millets Awareness Programme
Date of Event(s)	17-03-2022
Type of Activity	Outreach
Department/Association/Cell/Committee	Department of Botany
Venue	Government Degree College
Number of Participants	13
Target Audience	Local Farmers and II B.Z.C & III B.Z.C
Resource Person(s)	CHAPALA ABHINAY
Event Coordinator	CHAPALA ABHINAY

Objectives:

- ✚ To improve our student skills to sustainable organic farming
- ✚ To educate local farmers to practice organic products and uses
- ✚ **Economical:** In organic farming, no expensive fertilisers, pesticides, or HYV seeds are required for the plantation of crops. Therefore, there is no extra expense.
- ✚ **Good return on Investment:** With the usage of cheaper and local inputs, a farmer can make a good return on investment.
- ✚ **High demand:** There is a huge demand for organic products in India and across the globe, which generates more income through export.
- ✚ **Nutritional:** As compared to chemical and fertiliser-utilised products, organic products are more nutritional, tasty, and good for health.
- ✚ **Environment-friendly:** The farming of organic products is free of chemicals and fertilisers, so it does not harm the environment.

Resource Person(s)	Dr. T.K.V.Srinivasa Rao, principal, GDC, MANDAPETA
Event Coordinator	K.BabuRao, Lecturer in Chemistry

Objectives: .

- ✚ Increase public awareness about the benefits of zero emission vehicles.
- ✚ Encourage the adoption of ZEVs through incentives and support
- ✚ Public Education and Awareness:
 - ✚ Informational Campaigns: Launch campaigns to educate the public about the benefits and availability of ZEVs through various media channels, including social media, local newspapers, radio, and television.
- ✚ Infrastructure Support and Development:
 - ✚ Charging Station Installations: Work with local governments and businesses to identify optimal locations for new charging stations and hydrogen refueling stations.
- ✚ college and Youth Programs:
 - ✚ Educational Programs: Develop educational materials and programs for college to teach students about the science and benefits of ZEVs.
- ✚ Youth Engagement: Engage youth through interactive events, such as science fairs and eco-friendly competitions, to inspire the next generation of ZEV advocates.

- ✦ Community Events and Demonstrations:
- ✦ Ride-and-Drive Events: Organize events where community members can test drive ZEVs to experience the technology firsthand.
- ✦ ZEV Showcases: Partner with local dealerships and ZEV manufacturers to showcase the latest ZEV models and technologies at community events.
- ✦ Sustainability and Environmental Impact:
- ✦ Impact Education: Educate the community on the environmental benefits of ZEVs, including reduced greenhouse gas emissions and improved air quality.
- ✦ Sustainable Practices: Promote broader sustainability practices, such as the use of renewable energy for charging ZEVs.
- ✦ Partnerships and Collaboration:
- ✦ Stakeholder Collaboration: Form partnerships with environmental organizations, utility companies, local governments, and businesses to support ZEV initiatives.
- ✦ Joint Programs: Collaborate on joint programs and initiatives that promote ZEV awareness and infrastructure development.
- ✦ By focusing on these objectives, an extension outreach program can effectively promote the adoption and support of zero-emission vehicles within the community, contributing to a cleaner, more sustainable future.

ZERO EMISSION VEHICLE INITIATIVE PROGRAM OUTCOMES:

Zero Emission Vehicle (ZEV) initiative programs aim to promote the adoption of electric and other zero-emission vehicles. The potential outcomes of these programs include:

1.Environmental Benefits:

- Significant reduction in greenhouse gas emissions and air pollutants, contributing to improved air quality and climate change mitigation.
- Decreased reliance on fossil fuels, leading to a reduction in oil consumption and associated environmental degradation.
- Lowered noise pollution in urban areas due to quieter electric vehicles.

2.Public Health Improvements:

- Fewer health issues related to air pollution, such as respiratory diseases, cardiovascular conditions, and asthma.
- Enhanced overall public health and well-being.

3.Economic Impact:

- Job creation in the clean energy and electric vehicle sectors, including manufacturing, infrastructure development, and maintenance.
- Long-term savings for consumers on fuel and maintenance costs.
- Increased investment in research and development for new technologies and sustainable transportation solutions.

4.Technological Advancements:

- Acceleration of innovation in battery technology, energy storage, and renewable energy integration.
- Development of advanced charging infrastructure to support widespread adoption of ZEVs.
- Enhanced vehicle performance, range, and affordability through continuous improvements.

5.Energy Independence and Security:

- Reduced dependence on imported oil, enhancing national energy security.
- Diversification of energy sources through the integration of renewable energy with the transportation sector.

6.Behavioral and Social Changes:

- Increased public awareness and acceptance of sustainable transportation options.
- Shifts in consumer behavior towards environmentally friendly practices and products.
- Growth of a culture that values sustainability and environmental responsibility.

7.Policy and Regulatory Support:

- Strengthened policies and regulations promoting ZEV adoption, including incentives, subsidies, and emission standards.
- Improved collaboration between government, industry, and other stakeholders to support the ZEV ecosystem.
- Enhanced urban planning and development to accommodate and encourage the use of ZEVs.

8.Global Leadership:

- o Establishing leadership in the global movement towards sustainable transportation.
- o Setting examples for other regions and countries to follow, encouraging worldwide adoption of ZEVs.
- o Contributing to international efforts to combat climate change and reduce global emissions.

9.Infrastructure Development:

- o Expansion of charging networks, making it easier and more convenient for ZEV owners to charge their vehicles.
- o Integration of smart grid technologies to manage energy demand and supply effectively.
- o Development of supportive services, such as charging stations at residential, commercial, and public locations.

These outcomes help create a cleaner, healthier, and more sustainable future by transforming the transportation sector and reducing its environmental footprint.

BLOOD DONATION CAMP PROGRAM

The blood donation camp was successfully conducted on Dec 21-2022, at the Government Degree college Mandapeta 2:00 PM to 4:00 PM. The event was organized in collaboration with the Red Cross and aimed to address the critical need for blood in nearby hospitals. A total of 26 donors registered for the camp, with 26 units of blood collected,. The camp witnessed a diverse participation from various age groups, with donors aged 18 to 55 contributing generously.

Medical staff conducted thorough pre-donation screenings to ensure donor safety and eligibility, with no adverse reactions reported. Refreshments and post-donation care were provided to all donors to ensure their well-being and recovery. Educational materials about blood donation benefits and health tips were distributed to raise awareness among participants. The success of this camp underscores the community's commitment to supporting healthcare needs and will help in planning future blood donation drives.

On 21-12-2022 Blood donation camp was conducted at Government Degree College under the guidance of Sri A. Ananda Rao Red Ribbon Club Convener and the staff of college.

College Principal Dr. T.K.V.Srinivasa Rao gave As we gather for this blood donation camp, let us remember that each donation is a life-saving gift, reflecting our commitment to community service and the well-being of those in need

We would like to extend our heartfelt gratitude to all the students who are participated in the camp and for their efforts in bringing awareness amongst us and for their valuable information. We would also like to thank our principal Dr. T.K.V. Srinivasa Rao, and other staff members.
