CAREER GUIDANCE PROGRAMME FOR BA STUDENTS ON ENTREPRENEURSHIP

TITLE	CAREER GUIDANCE PROGRAMME
Date of Event	08-08-2019
Time	10.00AM
Department	ECONOMICS
Venue	SEMINAOR HALL
No. of Participants	17
Target Audience	BA STUDENTS
Resource Person	P.VEERA BABU

The Department of Economics organised "Career Guidance programme on Government and Public Policy 08th August 2019 from 10.00 to 1.00 pm in the college. The program was inaugurated by the principal Ch.Rama krishna, Resource person Mr S. Chinna Babu motivational speaker. which was presided over by the Head of the department M.krishna chaitanya Lecturer in History. the History Department welcomed the gathering felicitated the programme by M.krishna chaitanya Lecturer in History. The training session was handled by P.veerababu, Lecturer in Economics. S.Rambabu Faculty of the political science Department delivered a Vote of Thanks for the session.

1. Introduction

Entrepreneurship is a dynamic and rewarding career path that involves creating, developing, and managing new business ventures. It requires a blend of innovation, risk-taking, and strategic planning. This report outlines the key aspects of pursuing a career in entrepreneurship, including necessary skills, educational background, potential career paths, and practical steps to get started.

2. Understanding Entrepreneurship

Entrepreneurship involves the identification of business opportunities, the creation of new products or services, and the development of a viable business model. Entrepreneurs are often

characterized by their ability to innovate, take calculated risks, and adapt to changing market conditions.

Key Traits of Successful Entrepreneurs:

- **Innovative Thinking:** Ability to develop unique solutions or products.
- **Risk Tolerance:** Comfort with uncertainty and potential failure.
- **Resilience:** Capability to bounce back from setbacks and continue pursuing goals.
- **Leadership:** Skills to lead a team, make strategic decisions, and manage resources effectively.

3. Educational Background

While formal education is not always a prerequisite for entrepreneurship, certain educational backgrounds can be advantageous:

Relevant Degrees and Courses:

- **Business Administration:** Provides a foundation in management, finance, marketing, and operations.
- **Economics:** Offers insights into market dynamics, consumer behavior, and financial analysis.
- **Engineering or Technology:** Useful for tech-based startups or product development.
- **Design and Creative Arts:** Beneficial for businesses in the creative industries.

Supplementary Courses:

- **Entrepreneurship and Innovation:** Focuses on business creation, idea generation, and startup management.
- **Finance and Accounting:** Essential for managing finances, budgeting, and financial planning.
- **Marketing and Sales:** Helps in understanding market strategies, customer acquisition, and brand development.

Conclusion

Entrepreneurship offers a path to creating impactful businesses and driving innovation. It requires a combination of skills, education, and practical experience. By identifying your passion, developing a solid business plan, and building a strong network, you can increase your chances of success in the entrepreneurial world.

Exploring internships, mentorships, and educational programs tailored to entrepreneurship can provide valuable insights and preparation for a successful career as an entrepreneur.

1. Introduction

Navigating a career path can be complex, and understanding the challenges and considerations is crucial for making informed decisions and achieving long-term success. This report provides an overview of common challenges faced by professionals across various fields and key considerations to address these challenges effectively.

2. Common Career Challenges

A. Job Market Competition

Challenge:

- Intense competition for limited positions, particularly in highly sought-after fields.

Strategies:

- **Enhance Skills:** Continuously develop and update skills relevant to your field.
- **Build a Strong Network:** Engage with industry professionals through networking events, social media, and professional associations.
- **Tailor Applications:** Customize resumes and cover letters to highlight relevant experiences and skills for each job application.

B. Uncertain Job Security

Challenge:

- Economic fluctuations and industry changes can lead to job insecurity.

Strategies:

- **Diversify Skills:** Gain skills applicable to multiple roles or industries.
- **Build a Financial Cushion:** Save and manage finances to mitigate periods of unemployment.
- **Stay Informed:** Keep up with industry trends and be adaptable to changes.

C. Work-Life Balance

Challenge:

- Balancing professional responsibilities with personal life can be challenging, leading to stress and burnout.

Strategies:

- **Set Boundaries:** Establish clear boundaries between work and personal time.
- **Prioritize Self-Care:** Engage in activities that promote physical and mental well-being.
- **Seek Flexibility:** Explore flexible working arrangements or job opportunities with a focus on work-life balance.

Conclusion

Understanding and addressing career challenges and considerations are essential for successful career development. By proactively managing competition, job security, work-life balance, skill mismatches, and career transitions, and by aligning your career with your interests and long-term goals, you can navigate your career path effectively. Continuous learning, networking, and financial planning will further support your career progression and stability.

DEPARTMENT OF BOTANY CAREER GUIDANCE PROGRAMME ON

“Advancing Careers in Plant Biotechnology and Environmental Botany”

TITLE	Advancing Careers in Plant Biotechnology and Environmental Botany
Date of Event	19th April 2020
Time	11 AM
Department	Botany
Venue	Botany Laboratory, GDC Mandapeta
No. of Participants	25
Target Audience	II & III B.A, B.Com, and B.Sc. Students
Resource Person	Dr. A. Srinivasa Rao, Lecturer in Botany and Vice Principal

The Department of Botany at Government Degree College, Mandapeta, organized a Career Guidance Program for B.Sc B.Z.C students on 19th April 2020. The event, titled “**Advancing Careers in Plant Biotechnology and Environmental Botany**”, aimed to provide students with insights into various career paths and opportunities available in the field of Botany and related sciences.

Learning Objectives:

1. **Understand Career Opportunities:** To provide students with a comprehensive understanding of various career opportunities in Botany, with a special focus on Plant Biotechnology and Environmental Botany.
2. **Higher Education Pathways:** To inform students about the options for pursuing higher education (M.Sc and Ph.D.) in Botany and related fields.
3. **Research and Industry Roles:** To highlight potential career paths in research institutions, universities, pharmaceutical companies, agricultural firms, and environmental organizations.
4. **Government and Entrepreneurship:** To educate students on government job opportunities and the process of starting their own ventures in the field of Botany and Environmental Sciences.
5. **Skill Development:** To emphasize the skills and qualifications required for different career paths in Botany.

Learning Outcomes:

1. **Enhanced Awareness:** Students gained a comprehensive understanding of the various career opportunities available in Botany, Plant Biotechnology, and Environmental Botany.
2. **Informed Decisions:** Students are now better equipped to make informed decisions regarding their higher education and career paths.
3. **Skill Development:** Students learned about the essential skills and qualifications required for different career paths in Botany.
4. **Career Planning:** Students received practical advice on how to plan and pursue their careers, including information on government jobs and entrepreneurship.
5. **Motivation and Confidence:** The program boosted students' confidence and motivation to pursue their career goals with dedication.

Lecturer

Lecturer In-Charge

Principal

Govt. Degree College

Program Details:

The program commenced with a welcome address by Dr. CH. Rama Krishna, the honorable principal of the college and president of the function. He gave a beautiful short speech on the importance of career guidance and the specific opportunities in Plant Biotechnology and Environmental Botany.

Dr. A. Srinivasa Rao, Lecturer in Botany and Vice Principal, hosted the program and delivered the main lecture. He covered topics such as:

- **Higher Education:** Opportunities for pursuing M.Sc and Ph.D. in Botany and related fields, with a special focus on Plant Biotechnology and Environmental Botany.
- **Research Careers:** Potential career paths in research institutions and universities, particularly in the study of plant genetics, biotechnology, and environmental conservation.
- **Industry Roles:** Job prospects in pharmaceutical companies, agricultural firms, and environmental organizations, especially those focusing on biotechnological applications and environmental sustainability.
- **Government Jobs:** Information on competitive exams and job openings in government sectors related to Botany and Environmental Sciences.
- **Entrepreneurship:** Guidance on starting ventures related to plant sciences, biotechnology, and environmental conservation.

The program saw participation from students across various streams, including B.A, B.Com, and B.Sc, making it a comprehensive and inclusive event. The session was particularly useful for biology and botany students, providing them with valuable insights and guidance.

Interactive Session:

Following the lecture, an interactive session was held where students had the opportunity to ask questions and seek advice from Dr. Rao. The session was highly engaging, with students expressing their concerns and aspirations regarding their future careers.

Feedback from Participants:

The students provided positive feedback about the program, appreciating the comprehensive information and practical advice shared by Dr. Rao. Many students expressed increased confidence in their career choices and a better understanding of the opportunities available to them.

Conclusion:

The Career Guidance Program was a resounding success, providing valuable information and motivation to the students. The Department of Botany plans to organize similar events in the future to continue supporting students in their career development. The department extends its gratitude to Dr. A. Srinivasa Rao for his enlightening lecture and for delivering the vote of thanks. Special thanks to Dr. CH. Rama Krishna for his continuous support and guidance. Special thanks to all the faculty members and students who contributed to the success of the program.

DEPARTMENT OF CHEMISTRY

CAREER GUIDANCE PROGRAMME ON PHARMA JOBS-2019-20

Date of the Event	02-02-2020
Type of Activity	CAREER GUIDANCE
Department/Association/Cell/Committee	Chemistry Department
Venue	Maredubaka(village), Mandapeta.
Number of Participants	22
Target Audience	All B.Sc Students
Resource Person(s)	Dr.Ch. Ramakrishna, principal, GDC MANDAPETA
Event Coordinator	V.Sanjeev Kumar Lecturer in Chemistry

Career Guidance Program Report

Conducted by: Department of Chemistry, Government Degree College (GDC) Mandapeta

Date: 02-02-2020

Objectives

1. **Career Awareness:** To help students understand various career paths in the field of chemistry.
 2. **Industry Insights:** To provide information on job roles and opportunities in the chemical industry.
 3. **Entrepreneurship:** To encourage students to consider entrepreneurial ventures in chemical sciences.
-

Key Topics Covered

1. Career Fields in Chemistry:

- Analytical Chemist
- Chemical Engineer
- Forensic Scientist
- Geochemist
- Materials Scientist
- Pharmacologist
- Toxicologist
- Water Chemist

2. Industry-Specific Roles:

- Job roles in the pharmaceutical industry.
- Challenges and opportunities in industrial chemistry.

3. Entrepreneurship:

- Steps to start a business in the chemical sector.
- Funding and sponsorship schemes for MSMEs (Micro, Small, and Medium Enterprises).

Resource Persons

- **Dr.M.Sudhakar:** Assistant Professor of Chemistry with extensive research experience and numerous publications.
- **B. VenkatRao:** Assistant Professor of Chemistry with a strong background in physical chemistry and student-centric activities.

Outcomes

1. Students gained a clearer understanding of the diverse career opportunities available in the field of chemistry.
2. The program provided practical advice on navigating the job market and starting entrepreneurial ventures.

The students had a very positive reaction to the career guidance program. Here are some of the key takeaways from their feedback:

Student Reactions

Key Topics Covered

1. Career Fields in the Pharmaceutical Industry:

- Medical Representative
- Pharmaceutical Sales Officer
- Product Executive
- Research Scientist
- Quality Assurance Analyst

2. Industry-Specific Roles:

- Job roles in pharmaceutical manufacturing and research.
- Challenges and opportunities in the pharmaceutical industry.

3. Entrepreneurship:

- Steps to start a business in the pharmaceutical sector.
- Funding and sponsorship schemes for MSMEs (Micro, Small, and Medium Enterprises).

Resource Persons

- **Sk.Moin Ansari:** Assistant Professor of Chemistry with extensive research experience and numerous publications.
- **K. BaburRao:** Assistant Professor of Chemistry with a strong background in physical chemistry and student-centric activities.

Outcomes

1. **Increased Awareness:** Students gained a clearer understanding of the diverse career opportunities available in the pharmaceutical industry.
 2. **Motivation:** The sessions inspired several students to consider new career possibilities and entrepreneurial ventures.
 3. **Practical Insights:** Students appreciated the practical advice on preparing for and securing jobs in the pharmaceutical sector.
 4. **Interactive Engagement:** The interactive Q&A sessions allowed students to ask specific questions and engage directly with industry experts.
 5. **Networking Opportunities:** The program provided a platform for students to network with professionals and peers, aiding in their future career planning.

CAREER GUIDANCE PROGRAMME FOR COMMERCE STUDENTS

DEPARTMENT OF COMMERCE

TITLE	Career Counselling Session on Build Your Resume For Better Carrer
Date of Event	02-12-2021
Time	10 AM
Department	Commerce
Venue	Seminar Hall, GDC Mandapeta
No. of Participants	45
Target Audience	II & III B.COM Students
Resource Person	Sri KAVALA DURGA PRASAD, Lecturer in COMPUTER APPLICATIONS

objectives:

- Review the job posting.
- Highlight your skills and professional qualities.
- Be specific.
- State your career goals.
- Create a draft.
- Proofread and adjust for the position.

Report

The department of Commerce is association with Placement Cell Organizing session on Build Your Resume For Better Career with the aim of generating critical thinking on given topic. It also aimed to provide a platform for students to develop their communication skills and how to find errors and build rational skill development for future career opportunities.

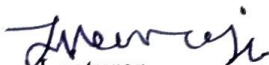

The Skill development on the topic of "Build Your Resume For Better Career".

The department of Commerce in association with Placement Cell organized on 02-12-2021 at 10.00 A.M in Seminar Hall. The event began with welcoming the Resource Person and the participants and briefing the topic of communication and life skills. The students clearly understood about how to prepare Resume.

The event was successful in attaining the objectives. Students achieved the knowledge about to built skill development programme through the entire session.

The outcome of the programme:

- Communication helps us to construct our society.
- It allows creating and maintaining relationships between the human resouces.
- It helps to participate in civic activities in our community, and strong communication skills among the people to advance in their careers.
- Communication influences all aspects of our public and private lives.

CAREER GUIDANCE PROGRAMME FOR BA STUDENTS ON

Steps to Build a Career

TITLE	CAREER GUIDANCE PROGRAMME
Date of Event	07-02-2021
Time	10.00am
Department	HISTORY
Venue	SEMINAOR HALL
No. of Participants	16
Target Audience	BA STUDENTS
Resource Person	M.krishna chaitanya

The Department of History organised" **Career Guidance programme** on Government and Public Policy 07th February 2021 from 10.00 to 1.00 pm in the college. The program was inaugurated by the principal Ch.Rama krishna, Resource person Mr S. Chinna Babu motivational speaker.which was presided over by the Head of the department M.krishna chaitanya Lecturer in History.the History Department welcomed the gathering felicitated the programme by M.krishna chaitanya Lecturer in History. The training session was handled by P.veerababu, Lecturer in Economics.S.Rambabu Faculty of the political science Department delivered a Vote of Thanks for the session.

1. Introduction

Building a successful career involves a strategic approach, involving planning, skill development, and continuous effort. This report outlines essential steps to help individuals build a rewarding career, providing a structured path from self-assessment to career advancement.

2. Steps to Build a Career:A. Self-Assessment

1. Identify Interests and Passions:

- **Action:** Reflect on what excites and motivates you professionally.

- **Tools:** Use career assessment tools and interest inventories to better understand your preferences.
- 2. **Evaluate Strengths and Skills:**
 - **Action:** Assess your current skills, strengths, and areas for improvement.
 - **Tools:** Take self-assessment tests or seek feedback from mentors and colleagues.
- 3. **Define Career Goals:**
 - **Action:** Set clear, specific, and achievable career objectives for both the short term and long term.
 - **Tools:** Create SMART (Specific, Measurable, Achievable, Relevant, Time-bound) goals.

B. Research and Exploration

1. **Explore Career Options:**
 - **Action:** Research various career paths and roles related to your interests and skills.
 - **Tools:** Utilize online resources, career guides, and informational interviews.
2. **Understand Industry Trends:**
 - **Action:** Stay informed about industry developments and future trends.
 - **Tools:** Follow industry news, attend webinars, and join professional associations.
3. **Conduct Informational Interviews:**
 - **Action:** Talk to professionals in your field of interest to gain insights and advice.
 - **Tools:** Prepare questions and approach potential interviewees via networking or professional connections.

C. Education and Skill Development

1. **Pursue Relevant Education:**
 - **Action:** Obtain necessary degrees or certifications relevant to your desired career.
 - **Tools:** Enroll in degree programs, online courses, or certification programs.
2. **Develop Key Skills:**
 - **Action:** Enhance both hard skills (technical abilities) and soft skills (communication, leadership).
 - **Tools:** Participate in workshops, training sessions, and practice skills through projects or internships.
3. **Gain Practical Experience:**
 - **Action:** Seek internships, part-time jobs, or volunteer opportunities in your field.
 - **Tools:** Apply for internships or freelance projects to build experience and expand your resume.

Conclusion

Building a successful career involves a multi-faceted approach that includes self-assessment, research, education, networking, and continuous improvement. By following these steps and adapting to evolving career dynamics, individuals can effectively navigate their career paths, achieve their professional goals, and maintain a healthy work-life balance.

CAREER GUIDANCE PROGRAMME FOR BA STUDENTS ON Government and Public Policy

TITLE	CAREER GUIDANCE PROGRAMME
Date of Event	13-02-2021
Time	10.00 AM
Department	ECONOMICS
Venue	SEMINAOR HALL
No. of Participants	16
Target Audience	BA STUDENTS
Resource Person	P.VEERA BABU

The Department of Economics organised "Career Guidance programme on Government and Public Policy 13th February 2021 from 10.00 to 1.00 pm in the college. The program was inaugurated by the principal Ch.Rama krishna, Resource person Mr S. Chinna Babu motivational speaker, which was presided over by the Head of the department M.krishna chaitanya Lecturer in History. The History Department welcomed the gathering felicitated the programme by M.krishna chaitanya Lecturer in History. The training session was handled by P.veerababu, Lecturer in Economics. S.Rambabu Faculty of the political science Department delivered a Vote of Thanks for the session.

1. Introduction

A career in government and public policy involves working to shape and implement policies that impact the public sector and society at large. Professionals in this field focus on creating effective solutions to social, economic, and environmental issues through legislative, regulatory, and administrative means. This report provides an overview of career opportunities in government and public policy, required skills and education, potential career paths, and actionable steps to pursue this career.

2. Understanding Government and Public Policy

Government and Public Policy encompasses the processes and decisions related to the governance and administration of public affairs. It involves developing policies, regulations, and laws that address societal needs and issues.

Key Areas in Public Policy:

- **Policy Analysis:** Evaluating and assessing the impacts of policies and proposing improvements.
- **Policy Advocacy:** Promoting specific policy changes and representing interests of various groups.
- **Public Administration:** Managing and implementing government programs and services.
- **Regulatory Affairs:** Overseeing and enforcing regulations in specific sectors (e.g., environmental, financial).

3. Educational Background

While various educational paths can lead to a career in government and public policy, certain degrees and courses are particularly relevant:

Relevant Degrees:

- **Public Policy:** Focuses on the development, analysis, and evaluation of public policies.
- **Political Science:** Provides an understanding of political systems, institutions, and behavior.
- **Public Administration:** Emphasizes management and operational aspects of government organizations.
- **Economics:** Useful for understanding economic policies, analysis, and their implications.

Supplementary Courses:

- **Statistics and Data Analysis:** Essential for conducting policy research and evaluation.
- **Law:** Understanding legal frameworks and regulatory issues.
- **International Relations:** Important for roles involving global policy and diplomacy.
- **Environmental Studies:** Relevant for roles in environmental policy and sustainability.

Conclusion

A career in government and public policy offers the opportunity to contribute to societal improvement and influence public life. By obtaining relevant education, gaining practical experience, and developing essential skills, you can pursue impactful roles in shaping and implementing policies. Staying informed, building a professional network, and continuously developing expertise are key to achieving success in this field.

Career Guidance Program Report

Conducted by: Department of Chemistry, Government Degree College (GDC) Mandapeta

Date: 04-01-2021

Objectives

1. **Career Awareness:** To help students understand various career paths in the pharmaceutical industry.
 2. **Industry Insights:** To provide information on job roles and opportunities in the pharmaceutical sector.
 3. **Entrepreneurship:** To encourage students to consider entrepreneurial ventures in pharmaceutical sciences.
-

1. **Increased Awareness:** Many students expressed that the program significantly broadened their understanding of the various career paths available in the field of chemistry.
2. **Motivation:** The sessions on entrepreneurship and industry-specific roles inspired several students to consider new career possibilities and even think about starting their own ventures.
3. **Practical Insights:** Students appreciated the practical advice and real-world examples provided by the resource persons, which helped them relate their academic knowledge to industry applications.
4. **Interactive Sessions:** The interactive nature of the program, including Q&A sessions and discussions, was highly praised. Students felt more engaged and valued the opportunity to ask questions directly to the experts.
5. **Networking Opportunities:** The program also provided a platform for students to network with professionals and peers, which they found beneficial for their future career planning.

Overall, the program was well-received and deemed highly beneficial by the students, helping them gain clarity and confidence in their career choices.

REPORT OF THE PROGRAMME

CAREER GUIDANCE PROGRAMME

The department of Commerce organized a CAREER GUIDANCE PROGRAMME on 22 august 2022 from 10.00am to 12.30 pm in the college auditorium. The workshop was inaugurated by the principal T.K.VSRINIVAS RAO., which was presided over by the vice-principal A.ANANDA RAO . N.RAJESH, Faculty of the history Department welcomed the gathering felicitated the programme. The training session was handled by Dr.J.NEHRU NAIK, Lec.In.economics. N.RAJESH, Faculty of the history Department delivered a Vote of Thanks for the session.

A career guidance programme is a structured initiative designed to assist individuals, particularly students and job seekers, in making informed decisions about their career paths. The programme intended to provide guidance, support, and resources that align with an individual's interests, strengths, and aspirations.

Choosing a career is a crucial decision that significantly impacts an individual's life. Many students faced challenges in identifying the right career path that aligns with their skills and Interests. Career guidance programme offered valuable insights into various career options, industry trends, and job prospects, empowering individuals to make well-informed career decisions. The programme helped students to recognize their strengths, skills, and interests, enabling them to find career paths that align with their passions and aptitudes. Through expert guidance and assessments, students gained clarity, reducing indecision and the risk of changing career paths later in life. Career guidance programme facilitated the selection of appropriate academic courses and majors that align with an individual's career goals,

maximizing educational opportunities for students. Students received support in developing soft skills such as communication, problem-solving, and time management, which are essential for career success. The students updated about the latest trends in the job market, helping them stay competitive and adapt to changing demands.

The session helped the students to create personalized career plans that outline the steps needed to reach specific career goals and Equipped students with the tools to make informed career decisions, taking into account their interests, skills, and market trends. The session was a well-designed career guidance programme that played a vital role in assisting students in making informed career choices that align with their interests, skills, and

aspirations. By providing self-assessment tools, career exploration opportunities, and one-on-one guidance, the programme empowered students to develop clear career visions and set achievable goals. The benefits of career guidance extend beyond individual success, contributing to a more informed and prepared workforce that positively impacts the economy and society as a whole.

DEPARTMENT OF PHYSICS

Career Guidance Program on "How to enhance your soft skills through research methodology"

TITLE	"How to enhance your soft skills through research methodology"
Date of Event	04 - 03 - 2022
Time	4 PM
Department	Physics
Venue	Room no. 1
No. of Participants	14
Target Audience	Students of III B.Sc. MPC & MPCs
Resource Person	Dr. K. Srinivasa Rao

Report

The "Challenges to Get Employment Opportunities and Solutions" program aims to address the various obstacles job seekers face and provide practical solutions to enhance their employability. This report outlines the program's objectives, implementation strategies, and the expected outcomes to ensure its success.

The program is designed to achieve the following objectives:

- Identify Common Employment Challenges
- Develop Job Readiness Skills
- Enhance Educational and Skill Development
- Promote Awareness of Employment Resources
- Facilitate Access to Internships and Apprenticeships
- Encourage Personal Branding and Professional Online Presence
- Provide Mentorship and Career Counseling
- Address Psychological and Emotional Barriers
- Foster Networking Opportunities
- Monitor and Evaluate Program Effectiveness
- Adapt to Market Trends
- Promote Diversity and Inclusion

To achieve the objectives, the program will employ the following strategies:

- Workshops and Training Sessions
- Skill Development Programs
- Resource Awareness Campaigns
- Mentorship Programs
- Counselling Services
- Networking Events
- Evaluation Mechanisms

The students from III B.Sc. MPC & MPCs are attended to the above program, fostering a diverse and dynamic learning environment.

By the end of the program, we anticipate the following outcomes:

- Enhanced job readiness skills among participants.
- Higher employment rates for participants.
- Acquisition of new, market-relevant skills.
- Increased knowledge of job search resources.
- Stronger personal branding and online presence.
- Effective mentor-participant relationships.
- Lower anxiety and stress levels related to job searching.
- Program content updated to reflect job market trends.
- Reduced employment challenges for underrepresented groups.
- High levels of satisfaction and positive feedback.
- Demonstrated career growth and progression among participants.

The "Challenges to Get Employment Opportunities and Solutions" program aims to comprehensively address the barriers to employment and provide practical, effective solutions. Through targeted workshops, skill development programs, and personalized support, we aim to equip participants with the tools they need to succeed in the job market. The expected outcomes reflect our commitment to continuous improvement and the long-term success of our participants.

CAREER GUIDANCE PROGRAMME ON ENGLISH PROFICIENCY

TITLE	ENGLISH PROFICIENCY
Date of Event	17 th NOV 2023
Time	10:30am to 1:00pm
Department	ENGLISH
Venue	SEMINAR HALL
No. of Participants	20
Target Audience	BZC STUDENTS
Resource Person	CH.Thrinadha

REPORT OF THE PROGRAMME

The department of English organized a CAREER GUIDANCE PROGRAMME on 17th NOV 2023 from 10:30 am to 1:00 pm in the college Seminar Hall. The Program was inaugurated by the principal T.K.VSRINIVAS RAO., which was presided over by the Vice principal A.Ananda Rao Lecturer in Zoology and S.Rambabu, Faculty of the political science Department welcomed the gathering felicitated the programme. The Program session was handled by CH.Thrinadha, S.Rambanu, Faculty of the Political Science Department delivered a Vote of Thanks for the session.

Objective:

The objective of this programme was to enhance the English language skills of participants, focusing on communication, confidence, and career opportunities.

Programme Highlights:

- Interactive sessions on business English, presentation skills, and effective communication
- Group discussions, role-plays, and mock interviews to practice English skills
- Personalized feedback and coaching by experienced trainers

- Cultural awareness and understanding sessions
- English proficiency test preparation tips and strategies

Key Takeaways:

- Participants improved their English language skills, particularly in communication and presentation
- Enhanced confidence in using English in professional settings
- Better understanding of cultural nuances and differences in communication styles
- Practical tips and strategies for English proficiency test preparation

Feedback and Evaluation:

Participants provided positive feedback, citing improved confidence and English skills. The programme received an overall rating of [Insert Rating] out of [Insert Scale].

Recommendations:

- Conduct regular English proficiency programmes to sustain momentum
- Invite industry experts for guest lectures and practical insights
- Provide additional resources and support for participants to continue improving their English skills

Conclusion:

The English Proficiency Programme was a resounding success, achieving its objectives and receiving positive feedback from participants. We look forward to conducting similar programmes in the future to support our students' and faculty members' English language development.

Objectives

1. To Educate: Provide detailed information about the roles and responsibilities of forensic scientists.
2. To Guide: Offer practical advice on pursuing a career in forensic science, including educational requirements, skillsets, and job prospects.
3. To Network: Facilitate interactions between participants and industry experts to foster professional connections and mentorship opportunities.

The Career Guidance Program on Forensic Scientists Jobs was held on 11-march 2023 at Zoology Lab. This program aimed to provide participants with comprehensive insights

A. Ananda Rao

into career opportunities within the field of forensic science. The event targeted students, recent graduates, and professionals interested in exploring careers as forensic scientists.

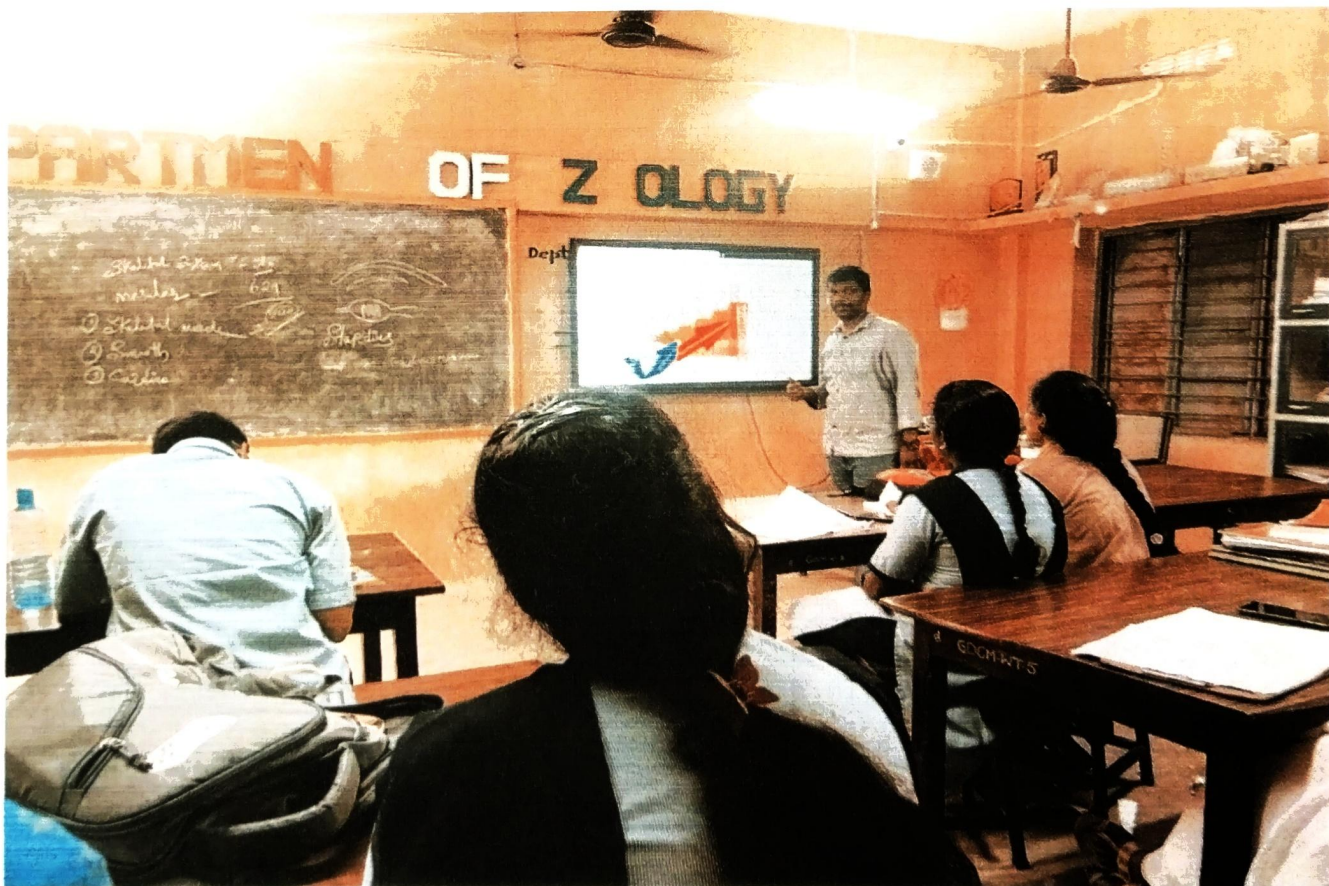

Educational Pathways: A degree in forensic science, biology, chemistry, or a related field is essential. Advanced degrees and specialized certifications can enhance career prospects.

Skills Required: Analytical skills, attention to detail, and the ability to work under pressure are crucial for success in forensic science roles.

Career Opportunities: Forensic scientists can work in various settings, including crime labs, law enforcement agencies, and private consulting firms. Specializations such as forensic pathology, toxicology, and digital forensics offer diverse career paths.

The Career Guidance Program successfully provided participants with valuable insights into the field of forensic science. By offering educational resources, practical advice, and networking opportunities, the program has equipped attendees with the knowledge and tools needed to pursue careers as forensic scientists.

We extend our gratitude to the speakers, panellists, and all participants for their contributions to the program's success. We hope this event has inspired and informed future forensic scientists, guiding them towards rewarding careers in this critical field.

Resource Person	:	C.Venkata Reddy

The cut throat competition at all levels in the job market demands a support system that enables the students of an institution not only that attainment of academic excellence but to find a comfortable placement in life. The career guidance cell of Government Degree College, Mandapeta, supports the students in achieving their dream careers by providing career guidance, career counselling and other related services. Since the students in take is from different social, economic and academic backgrounds the students require well planned and organized career counselling at the institutional level for their career progression. The career guidance cell under takes varies measures to train the students in the basic communication skills, spoken English and group discussions are conducted through departmental initiatives as recommended by the IQAC.

Guidance's are given about opportunities for higher education/competitive exams and for jobs. The students are given awareness about the prospects of higher education in their future. They are made aware about job opportunities available in their subjects in the job market. The cell functions like a bridge between the institution and industry. It holds career oriented lectures by senior lecturers and successful personalities. Guest lectures are conducted in digital seminar hall to enable the students fresh prospective regarding their career. Also there are career oriented training certificate courses. The Inculcation*of guidance about employability skills helps the institution in building awareness for its students Career guidance thus addresses both academic and career concerns and opportunities.

The principal and all the faculty members extend their support to the functioning of career guidance cell Career Guidance cell committee

Outcomes of Career Guidance

1. **Informed Career Choices:** Individuals make career decisions based on a thorough understanding of their own abilities and the opportunities available.
2. **Increased Job Satisfaction:** Individuals are more likely to find and pursue careers that align with their personal values and interests, leading to higher job satisfaction.
3. **Enhanced Employability:** Development of essential skills and knowledge that improve individuals' employability in the job market.
4. **Successful Career Transitions:** Smooth transitions between different career stages or changes in career direction, facilitated by effective planning and support.
5. **Greater Career Fulfillment:** Achieving a sense of fulfillment and purpose in one's career through well-considered career choices and continuous development.
6. **Economic Benefits:** Improved employment outcomes and career progression contribute to economic stability and growth for individuals and society.
7. **Adaptability and Resilience:** Individuals develop the ability to adapt to changes and challenges in the job market, enhancing their long-term career resilience.

Effective career guidance plays a critical role in helping individuals navigate their career journeys, make informed decisions, and achieve their professional goals.
